PROFESSIONAL SUMMARY

Graphic designer with hands-on experience creating social media content, print-ready materials, web banners, and landing pages for brands and e-commerce products. Comfortable moving between packaging, digital ad creative, and full sales-funnel design, with a strong eye for visual branding and a track record of using design to grow audience engagement and conversions. Open to feedback, quick to iterate, and used to managing several design requests at once.

WORK EXPERIENCE

Creative Lead / Graphic Designer | Justprints Limited (by Plusfrica) 2026 – Present

- Deliver social media designs and print-ready client jobs for a premium printing and branding company.
- Led a 20-design content production sprint, building structured creative briefs and AI-assisted image generation workflows (Midjourney, FLUX.1, Adobe Firefly) to speed up production without losing brand consistency.
- Built reusable prompt templates for layout-preserving design generation, reducing turnaround time on repeat design requests.
- Work directly with clients to confirm print specifications, brand guidelines, and final artwork sign-off.

Freelance Graphic Designer & Brand Strategist | Favour TL (Self-Employed) Jan 2022 – Present

- Completed design projects for 100+ clients, including tech and e-commerce startups.
- Designed website sales funnels and landing pages to support product launches and marketing campaigns.
- Produced posters, social media graphics, and email templates that contributed to a 20% increase in brand recognition and a 10% rise in conversion rates across client accounts.
- Delivered brand identity and logo design projects, including full brand documents and presentation decks for clients such as Janna's Bowls and Teolyx Digital Solutions.

Brand Design Lead / UI Designer | Frootify Nov 2023 – 2025

- Led the design team for a health and wellness brand, producing assets for both digital and print use, including brand materials and pitch decks.
- Increased brand recognition by 15% through strategic design decisions across platforms.
- Designed the brand's app screens and website, developing wireframes, prototypes, and mockups to communicate concepts to stakeholders.
- Collaborated with marketing and engineering teams to maintain visual consistency across all products.
